PROFESSIONAL SUMMARY

Entry-level Software Engineer with strong fundamentals in web development, backend engineering, and cloud computing. Proficient in Java, Python, JavaScript, React, Node.js, and Express.js, with experience building REST APIs and full-stack applications. Hands-on exposure to AWS, Docker, databases, and CI/CD practices, with a solid foundation in problem-solving and object-oriented programming.

TECHNICAL SKILLS

Programming/Scripting: Java, Python, JavaScript, HTML, CSS, PHP, Node-Red
Frameworks: Django, React.js, Node.js, Express.js, Flask, SpringBoot, Laravel
Databases: MongoDB, MySQL, PostgreSQL, Influx DB
Tools & Technologies: VS Code, Azure IoT Hub, AWS IoT Core, Power BI, Tableau
Core Skills: REST APIs, API Security, OOP, Data Structures & Algorithms
Operating Systems: Windows, Linux (Ubuntu)
Cloud Platform: MS Azure, Amazon AWS

INTERNSHIP/TRAINING

Web Development Intern - Amdox Technologies | Nov 2025-Jan 2026| Remote

- Developed secure user authentication using REST APIs
- Built REST APIs handling 500+ records with authentication
- Improved UI performance and user experience using modern web practices

Python Development Intern- Cognifyz Technologies | Feb 2025-Mar-2025 | Remote

- Completed a 1-month internship at Cognifyz Technologies, working on projects such as web scraping, palindrome validation, Calculator and factorial computation, strengthening problem-solving, automation, and programming skills.

Software Developer Intern – Higher Concept | Jan 2026 | Remote

- Worked on backend development using Laravel for a Webinar Management System. Enhanced the Webinar Chat Module by implementing dynamic sender name display for Admin and HCP users using Eloquent relationships between Chats, Users, and Registrations models. Integrated admin reply functionality with proper request validation, try-catch exception handling, and database transactions to ensure data integrity. Tested system behavior using true positive, true negative, false positive, and false negative scenarios. Resolved Git merge conflicts, handled database updates, and verified rollback mechanisms through controlled exception testing.

PROJECTS

HĀRVÉST – Full-Stack Rural Development Platform

- Developed a comprehensive NGO web platform with public and admin React frontends and a Node.js (Express + Prisma) backend
- Implemented secure authentication, dynamic content management, donations module with payment gateway, and Cloudinary image storage
- Built robust REST APIs supporting events, blogs, gallery, FAQs, contacts, and real-time donation analytics
- Tools Used: React, Node.js, Express.js, Prisma ORM, PostgreSQL, Cloudinary, JWT, GitHub, VS Code

CI/CD Pipeline Automation Project

- Build a CI/CD Pipeline Using Docker, DockerHub, GitHub Actions, AWS EC2
- Automated build and deployment process
- Reduced manual deployment efforts and errors
- Tools Used: Docker (containerization), DockerHub, GitHub Actions (CI/CD), AWS EC2 deployments

Lathe Machine Monitoring using Node-RED, MongoDB, Email PDF & Grafana

Designed and implemented a real-time machine monitoring solution using:

- Node-RED – Data acquisition, automation workflows & daily scheduler
- MongoDB – Time-series storage with auto-cleanup (5-day retention)
- Grafana – Real-time visualization for RPM, Feed & Temperature
- Automated PDF Reporting + Email Integration – 24-hour performance reports delivered automatically

EDUCATION

B.Tech – Artificial Intelligence & Data Science

Maharashtra Institute of Technology, Aurangabad | Sep 2023 – Jun 2026 | CGPA: 8.37

Diploma – Information Technology

Government Polytechnic, Nanded | Oct 2021 – Jun 2023 | Percentage: 78.31%

HSC – Science

Shivaji High School, Cidco, Nanded | June 2020 – June 2021 | Percentage: 92.67%

SSC

Shivaji Vidylaya, Cidco, Nanded | June 2018 – June 2019 | Percentage: 85.20%

CERTIFICATIONS

CSS & JavaScript Complete Course for Beginners – Udemy
AWS Cloud Practitioner Essentials-Coursera

SOFT SKILLS

- Problem Solving
- Continuous Learner
- Technical Documentation
- Cross-functional Collaboration
- Team Collaboration
